

**Opportunity  
Santa Fe**  
Birth to Career

# **OPPORTUNITY SANTA FE: BIRTH TO CAREER**

**FOR A COMMUNITY WHERE ALL CHILDREN AND YOUTH THRIVE**

Opportunity Santa Fe: Birth to Career is responding to the call to do better by our children and youth as a whole community. Over the past years, Santa Fe's providers, organizations and institutions have been listening to families, learning about their needs and ideas and collaborating to address

challenges. Opportunity Santa Fe is about sharing aspirational goals and aligning our community's resources, support networks and providers around children and youth to best support them on a path to success. When families and young people do well, our community as a whole does too.

## **A collective impact approach to improving the lives and key transitions of children and youth across Santa Fe, from birth until they enter their careers**

### **ACCOMPLISHING MUCH MORE TOGETHER THAN WE CAN ALONE.**

Opportunity Santa Fe is a joint collective impact effort of the Santa Fe Birth to Career Collaboration and the Mayor's Children, Youth and Families Community Cabinet in collaboration with many community partners.

#### **OPPORTUNITY SANTA FE 2020 & Beyond:**

**What do we ASPIRE Santa Fe to look like for our children and youth?**

City of Santa Fe  
Mayor's Children, Youth &  
Families Community Cabinet

The collective work is supported by two backbone organizations: the Santa Fe Community Foundation and the City of Santa Fe Children & Youth Commission.
